

SOUNDSUCCESS™ REHABILITATION RESOURCE

WHAT IS IT?

SoundSuccess is an online functional listening program designed to reinforce the brain's ability to perceive and understand spoken language.

WHAT DOES IT DO?

It fosters the ability to listen to different speakers with increasing levels of complexity using structured, targeted listening exercises.

WHAT ARE THE KEY BENEFITS?

When using hearing technology, repetitive practice is needed to train the brain to interpret new auditory information.^{1,2}

- Allows clients to customize their listening practice (e.g., with visual cues)
- Allows clients to practice without a communication partner
- Allows clients to practice at their own pace to foster communication confidence

WHO IS IT FOR?

Adult clients regardless of hearing loss or technology used.

HOW CAN I DEMO IT?

- Visit **HearingSuccess.com**. Register by entering your email address, name, and specify you are a professional. Once registered, find **SoundSuccess** on the portal.
- Click on **SoundSuccess** and customize your demo by choosing from various speakers/dialects, with or without speech reading cues (video or audio only) and in quiet or in noise.
