

WORDSUCCESS™ LISTENING PRACTICE APP

WHAT IS IT?

WordSuccess is an app available for iOS and Android designed to improve word and phrase discrimination in quiet and noise.

WHAT DOES IT DO?

It fosters the ability to perceive and understand the difference between speech sounds using structured, targeted listening exercises.

WHAT ARE THE KEY BENEFITS?

When using hearing technology, repetitive practice is needed to train the brain to interpret new auditory information.^{1,2}

- Provides opportunities for focused listening practice at home or on the go
- Includes placement test and tracks functional hearing over time
- Allows scores to be shared to guide treatment

WHO IS IT FOR?

For adults, regardless of degree of hearing loss or type of hearing technology used.

HOW CAN I DEMO IT?

- Visit **HearingSuccess.com**. Register by entering your email address, name, and specify you are a professional.
- Once in the portal, click on **WordSuccess** to get instructions on how to download the app. Once downloaded, you will find over 2,300 recorded stimuli (with increasing levels of difficulty, including live voice, recorded voice and noise) to demo.
