

WHY WIDEX

.5ms

The faster an amplified sound gets to your ear, the more accurately it is presented to the brain. **Widex delivers sound fastest, by far¹**

Why does that matter?

95%

of wearers agree **the sound is natural and clear** with greater satisfaction participating in daily life²

How can that help?

10x

as many wearers are **very satisfied in noisy backgrounds** using PureSound™ with ZeroDelay™ compared to other hearing aids³

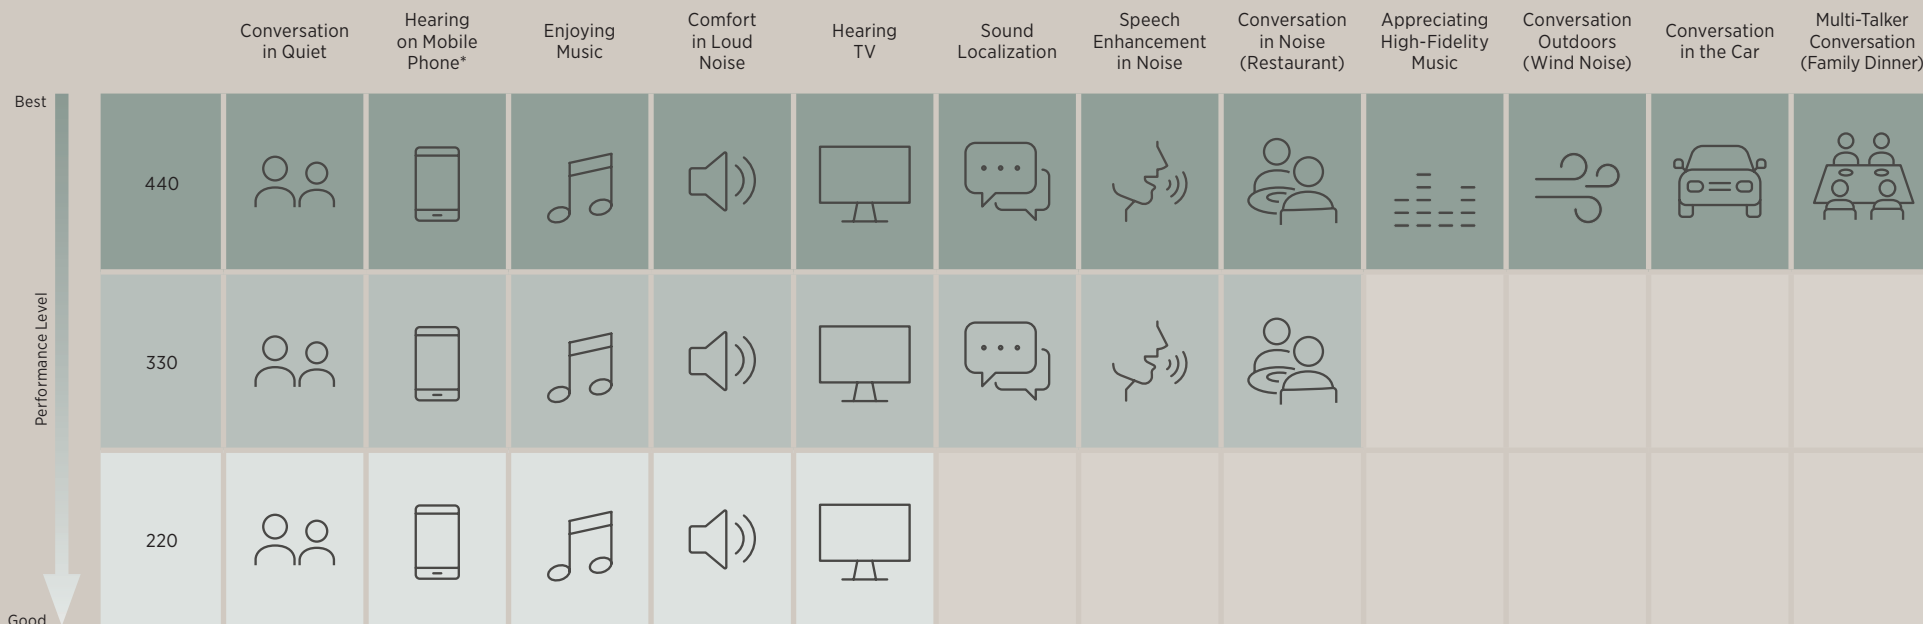

What else can Widex offer?

80%

of wearers with tinnitus experienced a **reduction of tinnitus severity** using Widex SoundRelax™⁴
