

AUDIOLOGY ASSISTANTS AT DAVIS AUDIOLOGY

In line with Davis Audiology's commitment to provide superior patient-centered care we are excited to have wonderful Audiology Assistants working in our team!

What you can expect:

-6-month HACs for deep cleaning and regular maintenance will be scheduled with one of our Audiology Assistants moving forward.

-Additional instruction in hearing device insertion/removal, cleaning, maintenance, and accessory troubleshooting such as Bluetooth connectivity is also available via an appointment with one of Audiology assistants.

-Daily Walk-in Hours from 11-11:45 a.m.- an Audiology Assistant will be available for HA cleaning and device repair assessment/concerns.

-When you need to see your Doctor of Audiology for programming adjustments or other concerns, we are still available whenever needed.

-Your Doctor of Audiology will complete your biennial diagnostic hearing evaluations as always
